NAZIS LAUNCH THIRD OFFENSIVE AT ANZIO

Radio-Controlled Tanks Being Used By German Troops

Artillery Duels Thunder Along Beachhead as Heaviest Bombardment Since Landing Is Aimed at Invasion Forces

GERMAN ENEMY PRESSURE GETS BUT LITTLE RESULT

By RICHARD G. MASSOCK
Allied Headquarters, Naples, March 1.—(P)—German troops, armed with a new "secret weapon" tank loaded with explosives, have engaged out in new assaults against the Anzio beachhead, and Allied headquarters said this may be a third great offensive aimed at driving invasion troops into the sea.

The Nazis opened a heavy attack midway between Carroceto and Terna Tuesday morning, and this was growing stronger. Artillery duels thundered, and front dispatches last night said enemy had pounded the beachhead with the heaviest bombardment since the initial landings.

ssian Troops Reported to Be Fighting on Very Outskirts of City Of Pskov

KE PEIPUS CROSSED

London, March 1.—(P)—Russian troops were reported fighting on the very outskirts of Pskov as the battle for that great German communications base and key to control of the Baltic raged on with battered fury today. Our troops are overcoming man resistance and advancing rapidly, a Russian communiqué said. The bulletin said that Red Army troops had captured more than 100 additional towns and villages, including Pogorelka, six miles north of Pskov, and Kutuzovo, 11 miles to the east. The bulletin also reported that Soviet troops had routed 100 German troops near Lake Peipus, and that the Russian army was also attacking across narrow waters between Lakes Peipus and Pskov, 35 miles northeast of the Baltic gateway city. There was no immediate Russian confirmation of these reports. Twenty-eight miles southeast of Pskov, Soviet columns stormed in the town of Malkova, three miles from the railway running from Pskov to Polotsk and (Turn to Page Seven)

Washington, March 1.—(P)—days when you again can buy what you want are still a long way off. Objectives in West Germany Attacked

London, March 1.—(P)—RAF Mosquito bombers attacked objectives in western Germany last night, an Air Ministry communiqué announced today. The British planes returned from their mission without loss, the communiqué added.

The overnight assault followed a heavy daylight attack by U. S. Flying Fortresses on the German aircraft center of Brunswick and a Liberator raid on the Pas-De-Calais coast of France, which were carried out at a cost of one bomber and eight fighter planes.

It was the third assault in 10 days on Brunswick and was a far different sort from the raid Jan. 11 when 60 heavy U. S. bombers were lost.

The Germans made a weak retaliatory attack on London last night and one raider was shot down.

During February the Eighth Air Force carried out 19 missions against enemy territory—seven more than the previous record.

Canada and the United Kingdom. The board's function is to coordinate food policies of these nations. As these officials size up prospects, civilians in all the United Nations may have to do quite a bit more belt tightening as far as meat is concerned before the war is won. This point was emphasized by Price Administrator Chester Bowles who said: "The higher point values we have been expecting seem sure to come next month."

AIRFIELDS ON ADMIRALTIES ARE CAPTURED

Americans Land on Import- and Islands in Bismarck Sea Against Negligible Opposition

MACARTHUR A WITNESS

By RICHARD C. BERGHOLZ
Associated Press War Writer
Americans landed in the Admiralty islands in the Bismarck Sea yesterday and quickly captured one of the two principal airbases against negligible enemy opposition.

Gen. Douglas MacArthur, who directed operations from a warship and who went ashore shortly after Sixth Army troops landed, announced today the invasion brings the end of the Bismarck campaign "clearly in sight."

"In addition to troops already trapped in the Solomon Islands, some 50,000 of the enemy, largely in New Britain and at Rabaul, are now enclosed," he said.

The landing in Los Negros island in the Admiralties yesterday morning drew no air or naval opposition. Shortly afterward, Japanese marines near the captured Momote airfield offered minor resistance but were overwhelmed.

The new Allied beachhead places Americans within 250 miles of Kavieng, New Ireland, 350 miles of Rabaul, and 750 statute miles of Truk, mighty enemy stronghold in the Caroline Islands.

Control of the Admiralty islands would complete the domination of supply lines extending to Japanese forces still fighting on New Guinea and New Britain.

During his battlefield inspection, MacArthur told dismounted units of the First Cavalry Division and their commander, Brig. Gen. William C. Chase, "hold what you have taken, no matter against whatever odds. You have your teeth in him now. Don't let go."

Significantly, MacArthur's communiqué pointed out the landing places the Allies 1,300 miles from the Philippines, where MacArthur first battled the Japanese and where he has vowed he will return.

Rabaul, already flanked by the Allied landing in the Green Islands 120 miles east of the New Britain base, was pounded with 161 tons of bombs in the last reported raid and for the eighth consecutive attack, no enemy interceptors were encountered.

Other bombers ripped away at Hansa bay on the New Guinea coast with 123 tons of explosives and at Wewak, main enemy base on New Guinea, with 53 tons of bombs.

In New Delhi, India, Adm. Lord Louis Mountbatten announced 4,500 Japanese have been killed or wounded by Allied troops since an 8,000-man enemy force attempted (Turn to Page Seven)

CHIEF SAYS PENN'A. F. OF L. UNPLEDGED

Philadelphia, March 1.—(P)—James McDevitt, president of the Pennsylvania Federation of Labor (AFL), said today the organization had received "no orders" or instructions from "anyone" regarding the forthcoming political campaign and would decide the question of whom to support at the proper time.

He was commenting on a Philadelphia Record item which reported the Federation is preparing to support U. S. Senator James J. Davis, Republican, for reelection.

"Draft Byrd" Move Gains Momentum

Washington, March 1.—(P)—A southern Democratic movement to draft Senator Harry F. Byrd for the party's presidential nomination rolled onward today, despite the Virginia's protestations that he is not a candidate.

Visibly encouraged by Byrd's expression of appreciation for their work in "strengthening the position of the legislative branch in measures for economy and sound government," a 12-member committee headed by John U. Barr of New Orleans arranged a southern conference of Byrd-for-president advocates. The time and place are yet to be fixed.

With an enthusiasm apparently not shared by Byrd, Barr predicted that "well over 50 percent" of the Democratic convention delegates to be selected by southern states could be lined up behind the 56-year-old Virginia senator.

Finn Parliament Is in Secret Sessions to Debate Question Of Peace or Continued War

London, March 1.—(P)—Britain has agreed to the peace terms submitted to Finland by the Soviet Union, official quarters reported today. Britain's agreement was given after consultations with Russia.

London, March 1.—(P)—As a preliminary to Russian-Finnish peace negotiations, Moscow has demanded that the Finns cease "military operations," immediately break relations with Germany and intern all German troops and ships in Finland—with Soviet help if necessary.

The Moscow radio broadcast these armistice demands last night and said that if Finland accepted the conditions immediately, the Soviet government was ready to open negotiations for a "concrete agreement" at once.

There was no immediate comment on the Russian proposals from Helsinki, where the Finnish parliament held two secret sessions yesterday to debate the question of peace or continued war with Russia.

An official communiqué gave no indication that a decision had been reached.

The British press termed the Russian proposals "generous" and the Daily Mail said they "should be accepted without delay."

The Stockholm newspaper Morgon Tidningen said the proposals "can very well be taken as a starting point for further steps looking toward an armistice." The paper, which has close contacts with the strong Finnish Social Democratic party, added that the terms "are harsh, but one must (Turn to Page Seven)

Authority In Investigations Is Challenged

By JACKSON S. ELLIOTT
Washington, March 1.—(P)—Congress asserted emphatically today that its authority is independent of the administration as it challenged the right of federal officials to refuse to testify before congressional committees either upon their own decision or at the instance of department chiefs or even President Roosevelt.

Chairman Dies (D-Tex.) of the committee investigating un-American activities said he would make an issue on the house floor of what was termed "administration pressure" which he said led to suspension of an investigation of the Federal Communications Commission (FCC).

And farm state senators who have sought unsuccessfully to obtain information on the Rural Electrification Administration (REA), intimated that contempt proceedings may be filed against Jonathan Daniels, administrative assistant to the chief executive, and against Secretary of Agriculture Wickard.

The house situation arose when Dies took up the question of charges that Chairman Lea (D-Calif.) of a committee investigating the FCC had "whitewashed" the probe in an effort to spare administration officials and advisers.

COMPROMISE SERVICE VOTE BILL DRAFTED

Advocates of State Ballots Put Another Crimp In Proposal of Administration

COMING UP NEXT WEEK

Washington, March 1.—(P)—Advocates of state ballots for armed service voting put another crimp in the administration's federal ballot proposal today by blocking its use within the United States.

Going to work on a compromise bill, house members won conference committee approval of a provision making the federal ballot available only to those service voters who are overseas on election day.

By yesterday's compromise the federal ballot can be used only by voters from states whose governors have certified its acceptance as a bonafide absentee ballot.

Senate conferees today said the compromise bill will be taken up first in the senate, probably next week.

The compromise—federal ballots for the armed forces only if the states agree to their use—was born after more than two weeks of argument, but neither side seemed anxious to claim it for its own.

The Oct. 1 deadline automatically rules federal ballots out of primaries—the controlling elections in many southern states. In addition, states which accept the federal ballot must accept all its terms: Waiver of poll tax pay- (Turn to Page Seven)

LOUISIANA DEMOCRATS VOTE DOWN "LONGISM"

New Orleans, March 1.—(P)—Louisiana Democratic voters rejected yesterday a group of candidates for state office who advocated a return to the "liberal government of the late Huey P. Long" and elevated to the Governorship Jimmie Davis, the author of "You Are My Sunshine" who campaigned with a hillbilly band.

In laying the ghost of "Longism," the voters also defeated the bid for state and party power of the "old regular" organization of New Orleans and its leader, Mayor Robert S. Maestri, unable during the second primary campaign to deliver an expected heavy majority from the metropolitan area.

President Confers With Staff Chiefs

Washington, March 1.—(P)—Back from a week's rest away from Washington, President Roosevelt began a series of conferences today which emphasized military affairs.

On his engagement list were Chairman Vinson (D-Ga.) of the house naval committee; Maj. Gen. Albert C. Wedemeyer, deputy chief of staff to Adm. Louis Mountbatten in the south-east Asia theater; and members of the high command of the United States Army and Navy.

The American chiefs of staff, scheduled for an afternoon appointment, were Gen. George C. Marshall, Gen. H. H. Arnold, Adm. Ernest J. King and Adm. William D. Leahy.

The White House requested that there be no mention of the report where Mr. Roosevelt rested since leaving Washington a week ago yesterday.

New Occupational Deferment Something Needed Long Time

Harrisburg, March 1.—(P)—A State Selective directive cutting sharply into occupational deferments, especially those of an unexpired 26, was hailed today by one local draft board chairman as "something we wanted for a long time."

The new order, declared C. A. Gann, chairman of Harrisburg board one and state adjutant of the Veterans of Foreign Wars, will enable boards to clear out some of the single fellows that should be going into the armed forces instead of married men with children.

In Pittsburgh, boards reported that even men employed in ship building and coal mining jobs, now carrying virtually "blanket deferment," soon may be called. Most

Strike Closes 130 Schools in Smoky City

82,000 Pupils Sent Home Because Custodians Won't Keep Buildings Warm

DEMAND WAGE BOOSTS

Pittsburgh, March 1.—(P)—Pittsburgh's public schools, 130 of them with 82,000 pupils, were closed today by a strike of 1,000 custodial employees demanding a slightly higher pay increase than the board of education will grant.

Students were sent home as strikers blocked out halls and classrooms and maintained only enough heat in buildings to prevent water pipes freezing.

The strikers continued to furnish light and heat for day nurseries and draft board offices located in school buildings.

An eleventh hour conference late yesterday failed to forestall the strike. Jack Strobel, president of the CIO-State, County and Municipal Workers Union, said he proposed the dispute be submitted to the War Labor Board for decision.

President H. B. Kirkpatrick of the board of education said the WLB had "no legal authority" to rule in the case and added:

"Strobel declared there would be no violence in connection with the strike and that picketing would be limited to school where SCMW members go to work."

The strike eased city transportation somewhat. Thirty-five taxis used daily to transport students from outlying districts were put into general service.

HATCH ACT VIOLATION DENIED BY DIRECTOR

Harrisburg, March 1.—(P)—A denial of U. S. Civil Service Commission charges that he engaged in politics in violation of the Hatch act has been filed by Joseph Yosko, director of the Bureau of Disbursements of Unemployment Compensation in the State Treasury Department.

Yosko, a Democrat, was cited with Dr. A. H. Stewart, state health secretary and 13 others by the officials and employees. In previous answers, Dr. Stewart and his aides also denied the charges. A hearing has been set by the commission here March 13.

The board at the same time refused to commute the death sentence of Michael Musto, 45, Altoona barber, convicted of the murder of his wife, Mary, on the steps of the Blair county court house at Hollidaysburg on April 6, 1943. Musto is scheduled to die in the electric chair March 20.

NEW MOVE STARTS TO SAVE LEPKE BUCHALTER

New York, March 1.—(P)—In a last minute attempt to save Louis (Leopold) Buchalter from Sing Sing prison's electric chair tomorrow night, counsel for the condemned head of Murder, Inc., will begin a new legal move today which may forestall the scheduled execution.

J. Bertram Wegman, attorney for Buchalter, will apply in federal court for a writ of habeas corpus contending that it was illegal for the federal government to surrender him to the state for execution while he was under sentence in the federal courts.

BUENOS AIRES QUIET AFTER NEW REVOLT

Policy of Non-Recognition By This Country and Other Allied Nations Is Being Considered

RAMIREZ OUT AGAIN

By JOHN M. HIGHTOWER

Washington, March 1.—(AP)—Relations between the United States and Argentina are moving swiftly toward their third crisis within a year and this time there seems to be little chance of avoiding a rupture.

The present Argentine regime of Gen. Edelmiro Farrell is believed to have come to power in such circumstances as will warrant a policy of non-recognition by this country and most or all of the other American nations with which Washington is now exchanging information on the subject.

Farrell replaced Gen. Pedro Ramirez in the presidency last week under conditions which indicated, according to diplomatic advisers, that Ramirez was forced to hand over the government to Farrell, then vice president. Little credence is placed here in the official explanation that ill health compelled him to step down.

The coup, as it now appears to have been, put an abrupt end to the Ramirez clean-up of Axis activities in Argentina, and forestalled any possibility that he might be able to lead Argentina all the way into the Allied camp with a declaration of war on Germany and Japan.

The United States government takes a grave view of these developments and has so advised Dr. Adrian C. Escobar, the Argentine ambassador.

By the Associated Press
Montevideo, Uruguay, March 1.—The Argentine government announced today it had quelled a revolt by an army colonel and his infantry regiment seeking to oust Gen. Edelmiro Farrell from the presidency he assumed last week in a palace coup engineered by the country's strongly nationalist elements.

Col. Tomas Duco, a close friend of Gen. Pedro Ramirez who delegated his presidential powers to Farrell last Thursday, massed his Third Infantry Regiment on the outskirts of Buenos Aires, but failed to move on the capital. (Turn to Page Seven)

Erie Slayer May Be Given Respite

Harrisburg, March 1.—(P)—Governor Martin was expected today to grant a 30-day respite to William McCausland, 29, of Erie, sentenced to die March 20 for the slaying of Leo Knoll in an Erie tannery almost a year ago.

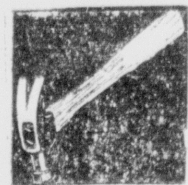

The respite was recommended yesterday by the State Pardon Board to permit further investigation of his competency plea. Attorney General James H. Duff said the board deferred a decision "until it came to a conclusion on certain matters."

The board at the same time refused to commute the death sentence of Michael Musto, 45, Altoona barber, convicted of the murder of his wife, Mary, on the steps of the Blair county court house at Hollidaysburg on April 6, 1943. Musto is scheduled to die in the electric chair March 20.

Cotton Heads List For Favorite Summer Fabric
Cotton is one of the textile fibers essential for war use, but in spite of this, cottons for civilian use are available.

Since the manufacture of military fabrics requires much of the labor, machinery, dyes, and special finishes for cottons, the shopper will find fewer guarantees of color-fastness, preshrinkage, and special finishes. This is all the more reason for careful selection of materials best suited to her needs, remarks Mrs. Thelma Prendergast, home economics extension representative, Warren county.

Cotton is the ideal material for summer clothing. Cotton is durable, soft, and comfortable; it absorbs perspiration, and it is easily laundered so it can be kept fresh and crisp. The more loosely

the yarn is twisted, the softer the women fabric will be. However, loosely twisted yarns and loosely woven fabrics are more likely to shrink than a more firmly woven cloth. It is always advisable to preshrink cotton materials which are not labeled preshrunk and carry no shrinkage guarantee.

A tightly twisted yarn makes a fine durable fabric which will resist pulling and snagging. A well-balanced weave is one in which the warp and filling threads are of similar size and strength.

Ginghams of good quality wear well. Checked and plaid ginghams are popular for dresses and suits, trimmed with white pique. Gabardine, another durable cotton, is suitable for play clothes, and chintz can be used for dresses. Seersuckers are not plentiful this year because the chemicals used to give their rippled appearance are being used in war industries. Spun rayons are being made to resemble some of the hard to get wash fabrics, such as chambray and linen.

Cousins Meet
Excitement On
War Fronts

In a telegram from the War Department, and through a recent letter from their son, Robert, Mr. and Mrs. Albert Seymour, 28 Maple street, have learned that while serving with the Allied forces somewhere in Italy he received wounds which required hospitalization for the past few weeks.

In his letter, however, he reports that he is now getting along nicely and "not to worry".

Sgt. Seymour, who left Warren with the contingent of February 18, 1942, has been overseas since May of last year, having been in Africa a part of this time and then being transferred to Italy, where he engaged in the Battle of Sicily.

Young Seymour is in the parachute infantry, having been trained at Camp Croft, S. C., and Fort Benning, Ga. Before entering the service he was employed by the United Refining Company.

It is learned today, also, that Mr. and Mrs. Alva Seymour, 127 Russell street, have just had additional word from the young sergeant's cousin, Harold, who has been a German prisoner of war since February of last year.

This latest communication was in the form of a card written on October 3 of last year and also a letter written one week later. Sgt. Seymour, who was with the field artillery, writes that he is well and wishes to be remembered to his many friends. He has much to say concerning the many things the American Red Cross does for the prisoners.

The Alva Seymours have just had the pleasure of a 15-day visit with a younger son, Pvt. Merle, who has been on furlough from Greensboro, N. C., and has now returned to his training.

Fellows Girl
Found Workin'
At Kittanning

Millicent Fellows, 15 year old daughter of Mr. and Mrs. Theodore Fellows, 1415 Pennsylvania avenue, west will be back in Warren tomorrow evening. The girl was picked up this morning on a farm about five miles outside of Kittanning where she was at work. The girl had given the name of Smith to the family where she was employed. Corporal Marcus White of the Butler Barracks of the State Police got the girl today and she is being held for her father, who will go after her at once.

The girl disappeared last week and local and state police and her parents have been seeking her since that time. It was finally discovered that the girl had gone to Kane where she was acquainted and she had been driven to where she was found by her friends in Kane.

The girl by her episode had caused great alarm to her parents and her friends as for a time it was feared that she had met with some foul play. The Warren police were instrumental in locating the girl and once she was located the State Police were contacted and Corporal White went after the girl.

Many Will
Hear Dr. Paul
Speak Tonight

This being prayer meeting night in most churches of Warren and those cooperating in the Lenten Preaching Mission in Grace Methodist church having adjourned their own meetings, a large audience is expected tonight to hear Dr. John H. Paul, of Wilmore, Ky., speak on "The Easter of the Soul".

Last evening the Salvation Army Band played creditably a fine medley of hymns in preparation for the service, as well as a beautiful sextet arrangement of "A Sinner's Plea" for the offertory. The auditorium was again well filled with devout worshippers. It is said the meetings are increasing in momentum and intensity.

The president of the Warren County Ministerial Association, Rev. J. C. Wygant, of First Evangelical church, will preside at this evening's service which begins at 7:30 o'clock.

Local Churches Will Observe
Red Cross Sunday March 13

Warren's churches, lead by the clergy, are enthusiastically supporting the Red Cross War Fund Campaign which will open in Warren county on March 13th and continue until March 22nd.

Sunday, March 12th has been designated as Red Cross Sunday by the Churches Committee of the Red Cross War Fund. This committee will communicate with every church in the county asking that each church and pastor give its fullest support to the campaign. Congregations will not be asked for contributions at the Sunday services. However, the need of the Red Cross War Fund, the work of the Red Cross among our armed forces at home and abroad and the need for the type of service the Red Cross is prepared to furnish will be stressed. Members of the various congregations will be asked to work in

the campaign wherever possible and to contribute to the best of their ability when called upon to do so.

Many of the churches will utilize their Sunday bulletin of March 12th to further acquaint their membership with the scope of the Red Cross activities among members of the armed forces. It is hoped that many of the churches will also use lay speakers to give a resume of Red Cross activities, both in Warren County and in the foreign field.

TIMES TOPICS

SNOW FELL TUESDAY

While Warren had a number of snow flurries throughout the day yesterday motorists who had occasion to drive to Ridgway reported that four inches of snow had fallen there. That condition also prevailed near Bradford and the roads were slippery and dangerous.

SCOUTS GET HEADQUARTERS

Trinity Church Boy Scout Troop has secured the storeroom formerly occupied by the Townsend Club in the Hall building, Pennsylvania avenue, west for use as headquarters. Meetings are held there and the room is large enough that the Scouts have plenty of room for the various phases of their work.

ENLARGING CAKE SHOP

Demand on the Warren Baking Company due to their superior products have a contractor and crew at work at the plant, Fourth and Laurel street. The cake shop is being enlarged and the floor space added to so that the capacity of this department can be enlarged.

GOOD TIME MADE

Fast time is being made in the placing of foundations for the new addition to the plant of the Sylvania Electric Products, Inc., and within a short time the superstructure will be rising. The new addition will contain not only an addition to the manufacturing plant but offices and a small cafeteria.

SUCKERS BITING

With the ice out of the streams about the vicinity boys and men are enjoying some excellent fishing. Suckers are biting and fishermen at the mouths of streams where they empty into the river and creek are meeting with good luck. With a little warmer air the number of fishermen would undoubtedly increase.

NO DOG LICENSES

County Treasurer Simonsen as yet has not received any dog license tags and this morning was advised by wire that the supply for this county will not be shipped for about ten days. There was a delay in obtaining dies for the manufacture of the new tags and the tags were shipped to counties in alphabetical order. Paper licenses can be issued, according to an order from the Bureau of County Collections, and the tags can be supplied later. However this procedure will not be followed in this county. The new tags are of a soft alloy instead of the fibre used in 1943 and are being made in the state prisons. They will cost \$1 for male dogs and two dollars for females.

Public Invited To Program Observing School Latin Week

Miss Leona Westland, Latin instructor in Beaty School, and pupils of her classes extend to the public a cordial invitation to gather in the school auditorium at 7:45 p. m. Thursday for the second program arranged in observance of Latin Week.

One of the program features will be appearance of the Latin Chorus for a pageant, "Salute to the Flag", in addition to a Latin lesson and an unrehearsed "spell-down".

First of these two programs was given Tuesday morning when Dr. H. A. Rindard, minister of First Lutheran church, spoke before a gymnasium assembly of Beaty pupils on the theme "Rome in Biblical History."

He began his remarks with the statement that he didn't know whether Rome was in biblical history or biblical history was in Rome; going on to explain how Rome had been a leader and founder in all the arts: Sculpture, painting, architecture, law government, religion and literature. He pointed out that Latin is the basis of many languages, including our own, and that a single word can be very interesting. Dr. Rindard emphasized that the study of

Latin is not easy but pays great dividends; that a person reaches the heights only by the discipline afforded in climbing over difficulties.

Patty Kolpein, winner in 1941 of a Latin medal for a nationwide test published by the editor of "Auxilium Latinum", presented to the school a certificate, which after the war will take the form of a trophy from Dr. A. E. Warsley of New York, for excellent work done by Beaty students in the past six years.

Other numbers on the program, which was in charge of Karl Goosman, were a trombone solo by Walter "Terry" Thurn, accompanied by Harry A. Summers at the piano; piano solo by Jane Hovey; cello solos by Martha Winans, accompanied by Ruth Knabinek; bible passage, Acts 22:17-29, Jo Ann Phillips; "Why Latin Week", Donald Gordon; Latin Activities", Eloise Veley; Anchors Aweigh", "The Caissons Go Rolling Along" and God Bless America", sung in Latin by a boys' chorus composed of John Giltinan, Charles Sires, Lewis Lowe, Tom Hampson, Karl Goosman, Charles Cochener, Fred Printz, Raymond Streich, Richard Kerr and Richard Swick.

Drake Memorial To Be Center Of Crude Industry Research

Titusville, March 1.—(AP)—The memorial on the site of Col. Edwin L. Drake's 1859 oil discovery will eventually become a center of historical research for the oil industry, if plans of the Drake Memorial Advisory Board and the Pennsylvania Historical Commission materialize.

Meeting here yesterday, the advisory board and representatives of the commission approved a \$578,000 project calling for expansion of the memorial started 10 years ago to honor the founder of the oil industry.

A long-range plan calls for most of the work to be done in the postwar period with funds provided by the legislature. An immediate objective, however, is construction of a replica of the original

Drake well and Derrick out of current funds.

The memorial comprises a 200-acre tract, partially landscaped, with a museum containing mementoes of the early days of the industry. Before the war, it had 40,000 visitors annually.

Warren Mill To Be Razed By Purchasers

Warren's last mill will soon be but a memory as the Penn Furnace and Iron Company have purchased the lot and building at Fourth avenue and Pine street. The building will be torn down and the lot used in further expansion of the plant of the Penn Furnace and Iron Company which during the past few months has bought several other properties in the vicinity and is engaged in razing the buildings and getting the land ready for use in expansion.

The mill has been a feature of Warren life for almost 75 years and its passing will leave the city without a milling plant. One small hammer outfit is owned at North Warren and is used for the preparation of feeds, etc., but there will be no flouring mill nearer than Garland.

For many years the Warren Mills occupied the building now owned by the Pickett Hardware Company, on Pennsylvania avenue. Older residents can remember the elder Emsworth about the mill. In a typical miller's dress with hair filled with snowy flour he was a familiar figure. On the Pennsylvania avenue side of the building there was a long loading platform and at almost any hour of the day wagons and teams of farmers were lined up loading flour and feed received in return for grains hauled in.

The mill had a reputation for its flour and much of it was shipped to towns in this section. The hum of the busy mill, the whir of the grinding stones made sweet music in the central part of the town. It was always an attractive place to the youth of the city and most of the men now greying can recall touring the mill and watching the grain ascend to the upper part of the building to start its descent through wooden shafts to the grinders and bolters. Intriguing little slots in the shafts enabled the miller to watch the progress of the turning of wheat into flour.

Many years ago the building which will soon be razed was constructed at Fourth and Pine street and the mill moved to that location. This mill for many years did a large business but of late years the inroads of prepared flours and feeds have created havoc with business and it has been reported several times that the old mill was to close.

SCARCITY OF BEER IS EXPLAINED BY MAKER

Dealers and customers who have recently been unable to get as much Koehler's beer as they would like will find, at least, a partial explanation in the shipment, made yesterday, of a carload of Koehler's to our armed forces overseas. J. M. Magenau, president of the Erie Brewing Company explains: "Yes, the carload of beer just sent to our men in the armed forces overseas partially explains why it has been necessary for us to ration our dealers in Erie and nearby towns. The shipment just made and others which are projected for the future represent our quota for the men at the front. This is a wartime obligation which, we are certain, our dealers and customers will understand. It explains why there are times when you can't get Koehler's from your dealer because we are not able to give him all that he wants, everytime he wants it." Among the other wartime obligations fulfilled by the brewery is that of furnishing

DAINGEROUS CARELESSNESS

It won't be long now until the U. S. Forest Service, and officials of the local office of the Pennsylvania Department of Forests and Waters will be making annual appeals to persons entering the woods to guard against carelessness that would lead to destructive forest fires.

The Department of Agriculture at Washington has already begun a vitally necessary campaign to reduce the tremendous destruction caused, year after year, by forest fires. Wood, as we all know, is one of the most critical of war materials. Yet last year the number of forest fires was over 210,000. This figure has been reached and topped for season after season, and the Department estimates that at least 190,000 fires are man-caused, and therefore preventable.

Forest fires affect more than our timber supply. They induce soil erosion and seasonal floods. They destroy wild life. And they complicate the manpower shortage by requiring nearly 1,000,000 man-days each year to fight them.

The rules for preventing this dangerous wastage are the same as ever: Smoke only in safe places, and be sure matches, cigarettes, cigars and pipe ashes are out before you leave them; take care in building and extinguishing camp fires; don't burn brush unless you know how and when to do it.

A PLAN THAT WILL PROVE POPULAR

You won't have to make a trip to a school house or your local rationing board to secure your gas coupons if a new Office of Price Administration plan goes through. Issuance centers will get set up throughout the country from which coupons can be sent by a mail-order system. Issuance centers were first tried experimentally. They have worked well, so it is practically decided to spread the system, nailing another plank in the platform to make rationing easier for the consumer.

WE LAND ON THE ADMIRALTY ISLANDS

The Allies continue steadily to tighten the great Pacific pincers which one of these days will seize and crush the Mikado's island kingdom.

Further successes are reported from the geographical extremes of the southwest Pacific and southeast Asia—the Bismarck archipelago and Burma respectively. Progress in both instances represents vital preparation for the all-out offensive to smash Japan. Each presages other important operations—probably in the near future.

General MacArthur has brought home another handsome victory in the capture of the strategic airport of Momote in the admiralty Islands, on the northern border of the Bismarck archipelago. The general watched the preliminary bombardment aboard a warship, and then followed his troops ashore, disregarding the danger from Jap snipers.

This operation severs the regular Japanese supply lines to their bases in the New Guinea area to the south, including the key base of Rabaul on New Britain. It will speed up immeasurably completion of the conquest of this whole vast zone and thereby open the way to the East Indies and the Philippines. MacArthur, whose mind is riveted on his oath to free the Philippines, points out significantly in the opening sentence of his communique that the Admiralty Islands are 1,300 miles from that goal.

As a result of this success, some 50,000 Japs are surrounded, mainly on the island of New Britain. Other troops are trapped in the Solomons to the south. All of these enemy forces are doomed to death or capture.

LENTEN SERMONETTE

Ralph H. Wagner, General Secretary Young Men's Christian Association

PRESS TOWARD THE MARK

Philippians 3:12, 13 and 14—"Brethren, I can count myself to have apprehended; but this one thing I do, forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus."

In the midst of change we must find the unchanging. In the midst of present and future uncertainty we must locate the eternally certain. Among fluctuating values we must discover eternal values. If we who are leaders of others (and all who profess to be Christian are leaders, at least in example) do not grasp and apply these certainties and values then there is more reason for gloom and alarm in that fact than in the terrible slaughter of human lives on the battlefronts.

Our mistakes and failures are behind us. The only way we can see those as stepping stones to higher things and something to help us "reach forth to those things which are before." Our high calling bids us exemplify faith and to encourage a forward look.

If we will be realistic we will admit a lack of courage in many laces and persons. Do any of you join me in a weariness of the compromises and the following of lines of least resistance? All too often do we hear: "Of course that's the ideal thing to do, or the Christian way to do it, but it isn't practical, it can't be done now, or and-so wouldn't stand for it." Excuses, alibis, fear. How often do we shame to the most courageous of religions, that of the constant, fearless Christ!

May we stand together, drawing strength from each other and on Him who is the greatest source of strength and wisdom. May we fight a good fight. May we press toward the mark unflinchingly, using spades, spades: calling wrong, wrong, and never compromising with it. May we teach both by word and do the eternal verities of a world which has too little respect for the and so frequently fails at those who uphold them.

YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

In 1924

An oil well on the property of Ivor Rosengren, Beaty street, was drilled in yesterday and it is expected to do 40 barrels per day. The well is in the Clarion sand.

Miss Evelyn Alter is confined to her home with a badly crushed hand which was caught in the door of an automobile as she was leaving the car at her home last evening. A physician pronounces no bones were broken.

Sheffield announces that a six inch snowfall covered the woods in that vicinity yesterday. Woodsmen are hauling the snowfall as a boon as it will enable them to get thousands of feet of lumber out of the woods.

One of the biggest business deals made in Warren in years has been closed by the Pennsylvania Electric Company taking over all of the electric and power lines in the city as well as the city street railway and the Warren-James-town street railway. Application has been made to the Public Utilities Commission for a formal transfer of stock.

Mike Pringle, fireman at the Central station, staged a one-man fire all of his own this morning. He was seated in a chair at the fire station when a number of loose matches in his pockets touched off. For a moment or two he did some tall jumping about and Captain Moll made a dash for a chemical extinguisher which when applied where it would do the most good brought the fire under control.

In 1934

The Grade School orchestra scored a hit in their concert given last evening. A long and difficult program was played and the young musicians covered themselves with glory.

The Sugar Run CCC camp suffered the loss of three automobiles, a one-ton truck and the garage in a fire last Friday afternoon. No one knows the origin of the fire.

Victor Anderson, of Garland, on Valentine's Day received a reminder that it was his 30th birthday when his six daughters all came home for the occasion. The daughters who were all born and raised at Pittsfield planned the surprise for their father and he thoroughly enjoyed the visit.

With adults from Sheffield, Cherry Grove and Mead townships a spelling bee was held in Sheffield last night. There was a big crowd out for the event and the fun was fast and furious. All of the old time sticklers in trick words were trotted out.

The Warren Lodge of Odd Fellows celebrated its 85th birthday on February 27. There was an interesting meeting held at which much historical lore was given and the members thoroughly enjoyed the birthday of their organization.

AUTHOR'S SKIN BINDS BOOK

The Boston Antheneum once exhibited a book bound in the skin of its author, a notorious highwayman. The book was published in 1837 and is titled "Narrative of the Life of James Allen, Alias George Walton, Being His Deathbed Confession to the Warden of Massachusetts State Prison."

OUR PECAN CONSUMPTION

Approximately 61,000,000 pounds of pecan nuts are consumed in the United States annually. Texas produces about 24,000,000 pounds, Oklahoma 9,500,000, Louisiana 7,000,000 and Georgia 6,300,000 pounds.

BIGGEST EGG KNOWN

The largest single egg that ever existed is believed to have been the 10-pound yolk from the egg of the extinct Aepyornis, a giant prehistoric bird.

WAR CUTS PARK TRAVEL

The deprivations of war are reflected in these statistics: In 1941, 171,904 automobiles traveled to Yellowstone National Park. Then came rationing, and the number fell to 57,905 in 1942, and finally to 19,303 this past year—a 900 per cent decrease.

GLASS SAVES METALS

More than half a million pounds of vital zinc, brass, and tin plate was saved by one manufacturer in less than a year's time by substituting glass surfaces for washboards.

BEECH HILL NURSERY

JAMES S. PATES, Owner,
R. D. No. 1 WASHINGTON, PA.

February 12, 1944

Basic Dolomite Company,
Hanna Building,
Cleveland, Ohio

Gentlemen:
Inclosed you will find my check for fifty tons of your product, to be delivered at Bravard Station, on the Pennsylvania Railroad, as formerly.

I have found the Dolomite very helpful to crops and easily spread on the ground, especially in planting. We use a manure spreader, into which we load about one and a half tons. Our sowing is close to the farm and does not necessitate handling more than once.

We spread the width of the machine, then leave a strip of sufficient width to require about two tons an acre. This operation is repeated throughout a field when the lime is further distributed by cross harrowing. It is much easier this way than in using an ordinary line spreader. My manure spreaders are of the common cross channel iron type and no difficulty is experienced in getting the load to move rearward on the board bottom of the body. I would respectfully advise that you recommend such a method to your customers. It saves a lot of unpleasant labor.

Will you please book this order for some time after April first, and let me know when to expect the car. If, in loading, you find it expedient to ship more than fifty tons, I will accept the additional amount and send a check for the balance.

Very truly yours,
James S. Pates

What a farmer thinks of BULK LIME

FOR the third straight year James S. Pates is ordering a carload of BASIC SUPER 10 BULK LIME for his farm in Washington County, Pa. Above is his letter. Read it.

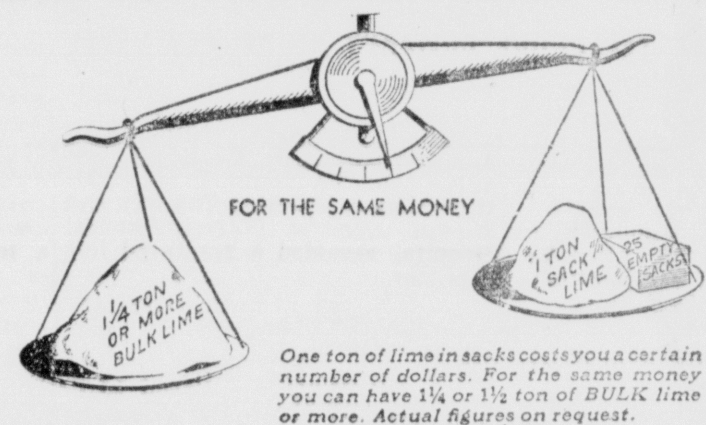

Mr. Pates knows from personal experience that what we have been saying about this BULK LIME is true—that it's pure lime, easy to handle, easy to spread, and best of all, that Basic Super 10 gives him more lime for his money because it comes in bulk instead of in sacks.

Mr. Pates is one of the hundreds of farmers who are now using BULK LIME and who won't ever go back to expensive sack lime.

Now is the time for YOU, too, to try bulk

lime. Ask your County Committee or Farm Checker about it. Find out how much more lime you'll get this spring if you order BASIC SUPER 10. You'll be agreeably surprised—and you'll order BULK LIME, too.

Remember this—FARMERS WHO TRY BULK LIME DON'T GO BACK TO SACK LIME.

One ton of lime in sacks costs you a certain number of dollars. For the same money you can have 1/4 or 1/2 ton of BULK lime or more. Actual figures on request.

A STILL IS SAFETY DEVICE

A recent development is a small still for use in lifeboats which converts an ounce of salt water to fresh water in an hour. The device is held against the stomach for body heat, used in the process.

MACHINE GUN PRODUCTION

Manufacture of one type of machine gun requires more than 1800 separate machining operations. One if its bolts alone requires 66 different operations.

Chapter 25

JULIE turned her key in the door and let herself in, flinging her hat down listlessly and crumpling into a chair. She was crying softly when Kay came in from the kitchen.

Kay sank down on the floor beside the chair and took Julie's hands in her own.

"What's the matter, honey?" For a minute Julie was too choked to speak. When she did it was in teary, broken sentences.

"I've ruined everything," she sobbed. "Marek has been so nice, so patient—I couldn't go on with it."

"You mean you gave up your chance in pictures?" Kay asked incredulously.

Julie nodded.

"But it's a wonderful opportunity, Julie! Most girls would give half their lives for the chance Marek has given you."

"I know and I did try. Honest I did but something happened inside me—I just couldn't go on."

Kay put a finger under Julie's chin and moved her tear-stained face so their eyes met squarely.

"Listen, honey, you've got to start making decisions with your head and leave your heart out of it. If you don't you're liable to be on the outside looking in after this war is over. It's okay to be sentimental but you can't let it run your life or you'll always be in a mess."

"I know that," Julie forced a faint smile and wiped her eyes.

"DAVE's a fine boy and it's grand that you like him so much but after all army fliers in this war are such long shots and it just isn't safe to bet everything on the nose."

"Oh, it isn't just that," Julie said. "It's something inside me that I can't control."

"That something is popularly known as love," Kay said. "I don't mean to be harsh but it just doesn't add up to anything. Even if you were engaged to David—it might be a little different."

"I know all that," Julie said. "As far as Marek is concerned you've put him in a tough spot. He really has reason to be sore. In the first place it's most irregular for a producer to okay publicity start spending the

studio's money on promotional stuff until the star is actually under contract. This wasn't very smart of Marek. I'll grant you, but he's a sentimentalist, like you, and did a lot of things he really shouldn't. Now you've walked out on him and he'll have to face the studio firing squad for the money he's spent."

Julie buried her head in the chair. She felt terribly now that she saw what trouble she had caused. How miserably she had regarded the man who had befriended her when she had really needed a friend. The girls both sat there for a long time without speaking. The night was quiet except for the wind as it rustled the palm trees in the side yard. Suddenly they heard an automobile coming to a stop.

"Ye gods, there's Jack! I didn't realize it was that late!" Kay said as she got up and went into the bedroom for her coat. Just as she came back into the room, coat over her arm, someone knocked briskly on the door.

"Come in!" she cried, and then turning back to Julie said, "Old man Parker must be in a hurry tonight. The words were hardly out of her mouth when she looked up startled to see Marek Dor's tall figure framed in the doorway."

"Have a chair," she said, with an attempt at being hospitable. "Sorry I have to run, my boy friend's waiting for me."

Marek crossed to the divan by the window and sat down.

Julie excused herself and fled from the room. She dashed cold water hurriedly on her reddened face and repaired her makeup.

When she came back Marek was standing by the window lighting a cigarette. He smiled at her as she sat down on the divan.

"I think I owe you an apology," he said slowly. "I didn't mean to lose my temper tonight."

Julie was tracing the pattern in the rug with the toe of her shoe. "If there are any apologies due—I think I should be the one to make them," she said.

Marek crushed out his cigarette in a tray and sat down beside Julie. "You see, in a way, I took advantage of you," he said. "From that first moment I laid eyes on you on the train I wanted you. Most girls would do anything for a movie career. I guess I thought

you would feel that way too. If I had played it straight and told you how I felt, left the movies out of it entirely I was afraid you'd turn me down. I guess I figured that using the movie career for bait I could keep you near me and that in time you would learn to love me."

Julie felt stunned.

"But, Marek, I didn't know you felt that way!"

"I know you didn't, and after the thing had gone so far I was afraid to tell you," Marek hesitated and then went on. "I guess really I was afraid of just what had happened tonight—that you'd walk out on me."

Julie could feel hot tears brimming in her eyes.

"Oh, Marek!" she said and buried her head in his coat. Marek put his arms around her slim shoulders and drew her close to him.

After a while he said: "I've learned my lesson. You can force a person just so far and then if their heart isn't in what they're doing, a red signal flashes in their brain and they can't go on. That's what happened to you tonight. You know now how I feel. I'd do anything in the world for you—but from here on you'll have to work things out in your own mind. Whatever your decision is I'll always feel the same."

Julie was sobbing softly. Marek drew her to him and kissed her lightly on her damp forehead.

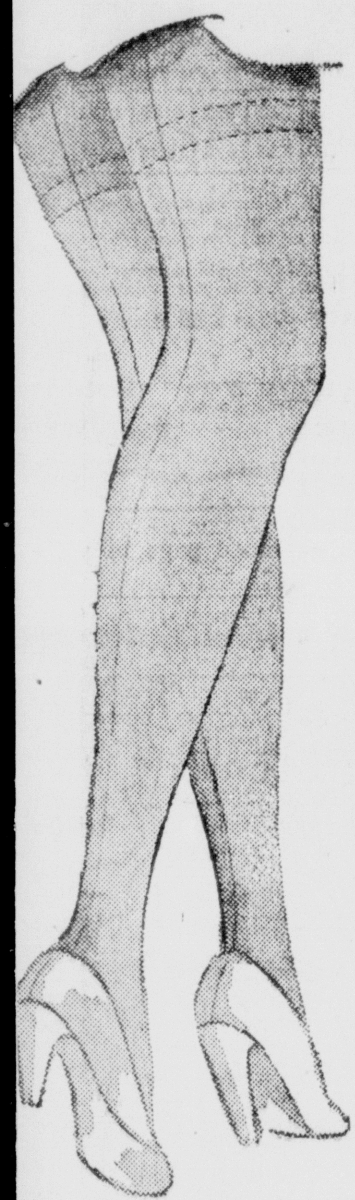

"I THINK I want to go back to the factory for now and do what little I can to help," Julie said. "Something has happened to me. When I was at home the war seemed so remote, so unimportant to me personally. Now that's all changed. I want to help—every night as I'm working I feel a kind of satisfaction I've never felt before. That I'm a small cog in a vast machine that's moving toward something bigger than any of us."

"I think you're swell," he said. "Get into your overalls and I'll run you over to the plant."

Marek's long, low-slung car drew up in front of the employees entrance and Julie got out. She hesitated and then kissed Marek briefly on the cheek before she turned and hurried into the factory.

Stenographers To Use Show Proceeds For Senior Awards

While its program offers plenty
in the way of entertainment for
young and old, the style show
sponsored each spring by the High
School Stenographers Club is a
really laudable event from another
standpoint and each person pur-
chasing one of the ridiculously low
priced tickets at 15 cents is con-
tributing to graduation awards to
be made to outstanding commer-
cial students.

This year's show has been set
for next Wednesday, March 8, in
the school auditorium and is under
the direction of Helene McClure,
faculty advisor, with members of
advanced shorthand and typing
classes comprising the committee.
The time is 8:15 o'clock.

Betty Rapp and Jeanne McGuire
are co-chairman, with Audrey
Lacy, Grace Young, Bettie Leaf-
strom, Joyce Baxter, Beverly Hed-
berg and Frank Platerote com-
pleting the committee on arrange-
ments.

Wearing apparel and accom-
panying accessories are to be pro-
vided for models through the cour-
tesy of the Metzger-Wright Com-
pany. The stage setting will be
by Blomquist's and Elkey Floral
Gardens and hair styling will be
done by the LaVogue Beauty
Salon.

Carried through on a general
theme, clothes for all occasions
will be shown. There will be en-
tertainment between the scenes
and music will be by Dick Mc-
Carthy and his band.
Everyone is welcome to come
and be entertained, view the latest
in spring styles and assist the club
in its commercial award project.
Tickets may be had from members
of the club or at the door the
night of the show.

Personal Paragraphs

Elbert Timmons, 103 West
Wayne street, injured the great
toe on his left foot yesterday while
working at Struthers-Wells and
was taken to Warren General Hos-
pital for treatment and X-ray for
possible fracture.

Mrs. Grace Acre, visiting here
from Portville, N. Y., turned her
ankle near the Newell Press build-
ing in Second avenue Tuesday and
X-rays taken at Warren General
Hospital revealed a fractured left
shoulder.

Cecilia O'Connor, of Houston,
Texas, visiting at the Leo D. Gib-
son home on East street, slipped
and fell in the driveway yester-
day receiving multiple abrasions
about the face. She was given
emergency treatment at Warren
General Hospital and discharged.

Mrs. D. W. Beatty, 3rd, of Miami,
Fla., is spending some time with
her parents, Mr. and Mrs. L. C.
Jamieson, Conewango avenue, Etc.

Walter Kiser, Clarence Ander-
son and Marsdan J. Reese left this
morning for Pittsburgh where
where they will attend a birthday
party of Regional Director David
Nichols at the Hotel Roosevelt to
be held this evening.

tal.

Karl and Jane Mahaffy left to-
day to return to their studies at
Penn State College after a brief
vacation with their family at Clar-

Scout Banquet Reservations By Thursday

Those affiliated with the War-
ren County Girl Scout Council and
others interested in this worth-
while program for girls are re-
minded that they have only until
five o'clock Thursday afternoon
to make their reservations for next
week's birthday party.

The party, celebrating the
Scouts' 32nd anniversary, will take
place at the YWCA activities
building, with dinner at six o'clock
Tuesday evening, March 7. Since
attendance is limited to 125 per-
sons, those wishing to be present
are asked to call the Girl Scout
office, 1895, at once.

The general theme of the birth-
day assembly is "International
Friendship" and the guest speaker,
G. H. Rickert, superintendent of
Kane public schools, will talk on
some phase of educating youth for
post-war conditions.

Toastmistress will be Mrs. B. J.
Messerly, chairman of the coun-
cil's public relations committee.
With her on this arrangements
group are Mrs. Everett Eddy and
Mrs. Marshall Morrow.

Feature numbers of the after-
dinner program will include music
by the PAC Orchestra and selec-
tions by the Girl Scout Glee Club.

Frank Hornaday Is To Be Heard Soon In Student Prince

Music lovers and play-goers gen-
erally will be interested in an
announcement that "The Student
Prince", one of the most popular
of all American operettas, will be
presented at Shea's Theatre in
Jamestown for one performance
only on Thursday evening, March
9.

There is added local interest in
the announcement since one of the
featured singers will be Frank
Hornaday, presented here a few
seasons ago by the Warren Con-
cert Association and enthusiastically
received by that group.

The operetta comes to Jame-
stown after a long coast to coast
tour last season and a 17-week all
summer engagement at the Broad-
way Theatre in New York.

The story of "The Student
Prince" is the romantic tale of a
young man of royal blood who be-
comes desperately infatuated with
a serving girl at Heidelberg's Inn
of the Three Golden Apples. His
decision, when the inevitable call
came for him to choose between
his love and the royal princess is
well known to all American music
lovers. Indeed, the plot of the op-
eretta is of such calibre that it
scored repeated triumphs as a play
many years before it was set to
music.

And in the musical version,
there are all of Sigmund Rom-
berg's unforgettable melodies,
ranging from the tender duet
"Deep In My Heart, Dear," and
the nostalgic "What Memories,"
to the lusty drinking songs. The
stirring rendition of these songs
by the male chorus would alone
assure the play of immortality. No
wonder the critics have unani-
mously hailed the production of
"The Student Prince" as estab-
lishing a new high in the field of
light operetta.

Former baritone of the New
York Metropolitan Opera, Everett
Marshall is starred at the head of
the cast which features Frank
Hornaday, Laurel Hurley, Delmar
Poppen, Nina Verala, Percy Hel-
ton, Gloria Hope, William Pringle,
Sylvia Russell, Raymond Jacque-
mot and the magnificent male
chorus.

Female falcons are bigger,
stronger, and can kill larger prey

MANY RESERVATIONS FOR "JUNIOR MISS"

Perhaps it is the play's re-
putation or the fine young
cast being directed by Astrid
Cowden or maybe it's just the
need of the play-going public
to balance the continued
wintry weather with a bit of
light entertainment. Maybe
it's something totally differ-
ent, but the ticket committee
for "Junior Miss" reports new
season's records in reser-
vations for both Friday and Sat-
urday night performances of
this entertaining Players' pro-
duction. Good seats are still
available for both nights, how-
ever, and should be set aside
immediately if the buyers
aren't to be disappointed.

Social Events

PLAYMATES CLUB MEETS

The Playmates Club, composed
of a group of children between
the ages of 5½ and 8, residing
on the South Side, held the reg-
ular semi-monthly meeting Tues-
day afternoon at the home of
John Sidney Claman, Main avenue,
who is observing his birthday
later in the week. An enjoyable
program of games was presented
during the afternoon, followed by
the serving of ice cream and cake
by Mrs. Claman. After adjourn-
ment the officers remained to as-
sist Mrs. Claman in the kitchen
work. They are President, Nancy
Cannon; vice president, Douggie
Hickrick; secretary, Carol Weig-
tress; treasurer, Jack Park. Having
just completed a scrap drive which
netted the club a nice addition to
the treasury, members are con-
templating other similar activities
during the spring and summer.
A lending library of "comic" books
maintained by the club is another
of its important projects. The
young host was presented with
many nice presents during the
course of the afternoon.

WOMAN'S AUXILIARY

The Woman's Auxiliary of Trin-
ity Memorial church will meet in
the parish house at 2:30 p. m. Fri-
day. After the business session,
Mrs. D. E. Conaway will talk on
"The Mountain Peoples of Ken-
tucky and Tennessee" and Mrs.
Francis Ericsson will provide mu-
sic. Hostesses for the tea to fol-
low will be Mrs. Crover Zeller,
Miss Florence Bassett, Mrs. John
Bayer, Mrs. Harold Hampson and
Miss Marie Wendelboe. All women
of the parish are cordially invited.

PARTY GUESTS

Mrs. Jessie Davidson, of War-
ren, and Walter Sanden, of Grand
Valley, who are being married this
afternoon in Oil City, were hono-
red guests when Mrs. Althea N.
Correll entertained for dinner at
the Hotel Carver. Other guests
were Mr. and Mrs. Stuart Aberg
and Mrs. Marjorie Dougherty.
Previously, Mrs. Davidson was
complimented by Miss Florence
Kennett with a party in Jame-
stown.

PAC PLANNING

PARTY AT YMCA

Young people of the community
are invited by the Presbyterian
Activities Club to gather at the
YMCA Friday evening for anoth-
er period of fun and fellowship.
Those wishing to swim should
come in the hour between 7:15 and
8:15, this period to be followed by
games and refreshments. All "Y"
facilities will be available to the
group and lots of fun is promised.

LUTHERAN SERVICE

The second midweek Lenten
service in First Lutheran church
will be held this evening at 7:30
o'clock, when Dr. H. A. Rinard,
pastor, will speak on "Be a
Friend." The young ladies' chorus
will sing the hymn "Transquility" by Mil-
liard. It is hoped the attendance will
be greater than that at the Ash
Wednesday service which opened
this Lenten series.

TO SEW THURSDAY

Women of Trinity Memorial
church are reminded that the Red
Cross sewing to be done at the
parish house from 10:30 to 4:00
on Thursday and that those re-
maining for lunch should bring
sandwiches. Comby kits for boys
going overseas are to be made
and the need for many workers
is urgent.

FOR MRS. COLLINS

Members of Warren Chapter,
Women of the Moose, gathered at
the home of Hilda Anderson Mon-
day evening for a tureen supper
and farewell honoring Ida Collins,
soon leaving for a new home in
Olean, N. Y. Games followed for
an enjoyable time and the guest
of honor was presented with a
purse of money from the group.

MISS SCHNUR SPEAKER

FOR ZONTA MEETING
Miss Arlene Schnure, county
home economics advisor, will be
guest speaker for the meeting of
Zonta Club members to be held
at six o'clock Thursday evening
at the YWCA activities building
and a large attendance is asked
to greet her.

PHC MEETING-GAMES

Following a seven o'clock busi-
ness meeting Thursday evening,
PHC members will sponsor anoth-
er series of games for the public,
play starting at eight o'clock in
the Eagles' third floor rooms.

FOR YOUNG PEOPLE

A pleasant dinner and dancing
party was given Tuesday night at
the Kalbfus clubhouse when a
group of members entertained for
young people home on brief vaca-
tions from Penn State College.

—WITH— BOB JOHNSON

You'd be surprised to hear the agitators to the Warren Field and Stream Club.

What good do they do? . . . Just takes a lot of gas for no good! . . . Where do they get all the food to eat on their excursions? . . . And many more.

That kind of blabber has gone on for weeks . . . ever since they started. Well, a few of those questions can be answered right off the bat when you figure that men like Arthur Grahame, member of the Outdoor Life Magazine staff, and Hayes Englert, game supervisor of this district, aren't coming all the way up here just to eat the club's hamburger, which, incidentally, comes out of the members' own points. This kind of killing foxes is new, but the idea dates hundreds of years back and these men are up here to get a better knowledge of the way local sportsmen map out the hunted area, find runways and finally place a man at each strategic point.

Used to be a fox was just about smart enough to hold his own against the trappers and occasional hunts with hounds and, although they were abundant, the situation was never as critical as it is today, when any section you can pick will produce fox tracks on a day-old snow—and every few feet at that.

Figuring from a dog's standpoint of wanting a pretty good meal at least once a day—and that's conservative, for dog or fox, of course—is going to need a rabbit a day to keep in trim. Multiply that by the days in a year and finally by the number of foxes the local club has bagged—or go further and figure the reproduction of those rabbits which are alive because of this club's activities—and you'll see that 700 members of the Warren Field and Stream Club have got something there.

No doubt the toughest pill to swallow in the present cage season for fans and players alike was the Bradford game last Friday.

The Dragons entered that clash an underrated five on the tail end of the odds, led the mighty Owls all the way into the third period and only lost out when McLean and Eaton went out via the foul penalty.

Due to the fact that Bradford has been named one of the few best teams in the state, it would have been quite a feather in the Kolpienmen's hats to turn the tables on them on their own floor. . . . Too bad!

Oscars took four from Central Grocers in the Moose League last evening in spite of Gagliardi's high total of 526. His high single was 189. For the winners Guffire had a high single of 204 while Joe Waples' 485 was high enough to top for total.

BOXER WHO FOUGHT IN NINETIES TAKES COUNT

Philadelphia, March 1.—(P)—Hugh F. Calvin, who fought 600 prize fights early in the century under the ring name of "Yi Yi" Ernie and whipped several champions in non-title bouts, died yesterday of his first illness.

The 80-year-old veteran, often called "America's most wonderful boxer" in his fighting days, suffered a heart attack two weeks ago, yesterday in bed, he whispered to his wife, "Set me in my corner. I want to be sitting up when I go." As Mrs. Calvin propped him up in bed, he died.

Calvin, fighting between 1900 and 1918, met such ring stars as Young Corbett, Freddie Walsh, Abe Attell, Harry Lewis, Young Ahearn and Harlem Tommy Murphy.

Milkweed contributed about 200,000 pounds of loss for military purposes in 1943.

Warren Athlete Will Join St. Louis Farm Club Soon

Gerald Vesling, one of the most promising prospects to come out of local baseball circles in recent years, said today he has received an offer from the Allentown Club of the Eastern League to play with that team this year, and anticipates signing up as soon as it is received.

Vesling, 17 years old and a graduate of Warren High School this summer, played baseball with Struthers-Wells during the regular season last year, and also appeared in the National Forge lineup in several of their important games. He also starred in football and baseball during the year.

The young high school student is an all-around athlete. During the 1943 season he played the infield, alternating between first and third bases. He is a right-hander and has an enviable average at the plate against some of the best hurlers in the section.

The performance of the local player was first brought to the attention of Jack Ryan, a scout for the St. Louis Cardinals, by "Red" Swanson, who played last year with the Forge. Before the Cards' management pulled out of Jamestown, with its backing of the Falcons, it was planned to have Vesling play there this season.

However, when the Falcons were taken over by price increases, Ryan decided to have the local player report to Allentown, another Card farm team. It is expected the team will train at Lynchburg, Va. Just when Vesling will report has not been decided.

Followers of the young student, after watching his playing last season with two of the outstanding teams in the section against the stiffest competition that could be secured, are confident that he can make good in organized ball.

Emporium Quintet Will Play Struthers Thursday Evening

Thursday evening on the local Y. M. C. A. court the Struthers-Wells basketball team augmented by a few of the players from other teams in the league will take on the fast going Sylvania quintet from Emporium.

The boys representing the Sylvania outfit are all ex-collegiate stars. Wicks at one of the forward posts is a St. Lawrence U. man and his running mate Eyster matriculated at Bucknell. At guards the locals will see Grimgone, St. Bonaventure College flash and Heck a hometown boy from Emporium.

The center position will be ably taken care of by Cohen who only a short time ago gave hi ball for Alfred University. This team has been going great guns and as they look at it the locals are just another stepping stone to better things.

Coach "Rabbit" Swanson, however, anticipating something of this nature has contracted Nick Otto and Joe Korchak of the fast O'Connor combine, and Dean Nelson of the Forge outfit to play along side of Ebers, Chase, Bonavita, Peterson, and Steinkamp. This combination of talent should give the visitors plenty of tough going, an dthe spectators plenty to watch. This game will get under way at 8:00 p. m.

At 9:00 p. m. the Blomquist team of North Warren will be seen opposing the local High School Second team. The seconds wound up their season last week and are now out for bigger game. Blomquist previously went down to defeat at the hands of the local scholars on the Beatty court. By getting them on the "Y" court they hope to get even and the betting money indicates that they will.

The usual charge for admission will prevail for this tidbit of Basketball.

Arcaro Has Chance To Set a New Mark

By BERT COLLIER

Miami, Fla., March 1.—(P)—If Little Eddie Arcaro boots home the winner in the \$25,000 Widener Saturday to round out a Hialeah Park grand slam, he will probably be the only one to insist it is merely a matter of luck.

"I'll have to get the breaks," declared the jockey who was under the wire last Saturday with the outsider, Star Up, in the \$15,000 Flamingo, Florida's three-year-old feature which shares with the Widener top billing of a Hialeah Park meeting.

Arcaro's triumph was a continuation of victories in 1942 when he brought in Requested in the Flamingo and followed with a win on the Rhymer in the Widener, the park's handicap headliner. Neither winner was a public choice. The events were not run last season when a ban on pleasure driving kept the park closed.

Bivins Earns Right To Wear Heavy Crown

By LARRY SMITH

Cleveland, Mar. 1.—(P)—Jimmy Bivins' right to wear the duration heavyweight diadem was unchallenged today after he had disposed of Lee Q. Murray in a return 10-round.

Lee Q. himself paid homage to the Cleveland negro, with the assertion, "He gave me a good whippin' and I don't have any alibi."

The dusky six-footer from Norwalk, Conn. had created some doubts about Bivins' superiority in the ranks of the active heavies when he almost triumphed by a technical knockout in their first tussle, but Jimmy dispelled those uncertainties before a capacity crowd of 13,774 at the arena last night.

The 202½ pound Murray had an 11½ pound pull in the weights and also owned the advantage of reach and height but the Clevelandlander abandoned his style and carried the attack to his opponent.

The \$61,496.50 gross gate established a new money record for an indoor boxing show in Ohio.

Buenos Aires Quiet After New Revolt

(From Page One)
Instead, he entered the city himself on a government invitation for a conference with Farrell and War Minister Juan Peron, known as the man behind the throne in Argentina's turbulent politics.

The conference was held in the war ministry.

Duco was arrested and held at headquarters of another regiment.

A dispatch direct from Buenos Aires said late this morning and his regiment was returning to its headquarters under command of officers loyal to Farrell's government.

The regiment camped this morning at Lomas De Zamora 20 miles from Buenos Aires. The troops occupied the town hall and modern presidential building where regimental officers were meeting when one reporter arrived there.

The newspaper saw light artillery and several machine-guns on both sides of the main avenue in Lomas De Zamora where the regiment had taken up combat positions.

Apparently the attempted revolt did not extend beyond Duco's own unit, but the Argentine navy was reported to have demanded that power be returned to Ramirez, who resigned ostensibly because of his health, or to the supreme court.

Most orang-utans seem to know the scientific principle of the lever.

WORK OF JUVENILES
Investigation by the sheriff's office has revealed that five boys, ages ranging from 11 to 16 years, are being held responsible for maliciously perpetrating damage to a locally-owned hunting camp located at the end of the coal bed road near Scandia in Glade township. On complaint of Marshall Storum, 201 Jackson avenue, who owned the camp with J. M. Sexton, Carl Castagnino, J. E. Allen, John Wasles and Sal Zibest, officers undertook the investigation and, upon its completion have notified Warren, North Warren and Scandia parents of the boys and are awaiting decision of the complainant concerning prosecution. According to the officers, the boys have admitted "wrecking the joint" on January 30.

Finn Parliament in Secret Sessions to Debate Question of Peace or War

(From Page One)
admit they do not mention Russian occupation or any threat to the country's independence.

In other words the newspaper said, they are terms which the Finns constantly have said they would accept.

In demanding that the Finns stop fighting and intern all Nazi troops and ships as a prerequisite for any peace negotiations, the Moscow radio added that "if Finland considers herself incapable of fulfilling this task the Soviet Union is prepared to render her the necessary assistance by troops and aircraft."

Another demand on the Finns was that the Russian-Finnish treaty of 1940 be restored and all Finnish troops withdrawn to the 1940 borders. The questions of the partial demobilization of the Finnish army, financial reparations and territorial claims were to be left to future negotiations in Moscow.

The Russians also demanded immediate release of all Russian and Allied prisoners of war and civilians interned in Finland.

The Moscow broadcast said the armistice terms had been given to Juho K. Paasiviki, Finnish diplomat, by Madame Alexandra Kolantay, Russian ambassador to Sweden, and that "Mr. Paasiviki was informed that if the Finnish government was prepared to receive in Moscow representatives of Finland for negotiations on a concrete agreement."

The demand for internment of the seven German divisions now in Finland appeared to be the crucial problem facing the Finns. It was felt in London that Finland, still closely linked with the Germans, might hesitate in taking such a step, or that the Finns might request a delay in answering the Russian offer in the hope that the fast-moving Red Armies in the Baltic might compel the Germans to withdraw from Finland, thus obviating any need to intern the Nazis and preventing Finland from becoming "another Italy."

Battle Rages Around Vital Baltic Base

11 miles from the Pskov-Ostrov-Warsaw trunk line, both possible escape corridors to the Nazis. At Malkova the Russians were within 26 miles of the Latvian border.

Thirty-seven miles further to the southeast, other Red army troops, driving up from the Novosokolinski area, smashed the 21st German Infantry Division and captured the large town of Novorzhev, mounting an additional threat to the Pskov-Polotsk railway, the Moscow bulletin said. More than 60 smaller towns and villages were reported liberated in this operation.

Moscow reported a new Soviet offensive in the Ukraine south of the iron ore city of Krivoriog where the Russians were declared to have captured 70 towns in a 26-mile drive down the Ingulets river to Nikolaevka, liquidating a German regiment and 700 other enemy troops on the way.

Tidioute Presents Old Papers To Museum at Drake Park

Paul H. Giddens, Curator of the Drake Well Memorial Park, Tidioute, Pennsylvania, announced yesterday that the borough council of Tidioute, Pennsylvania, had given a large collection of old Tidioute newspapers to the Drake Museum and Library. For many years these newspapers, owned by the borough, have been stored in the empty Grandin bank building. Tidioute, in order that they may be properly preserved and maintained for future generations, the borough council voted to give them to the Drake Museum and Library because of the excellent facilities available there and because the newspapers contain a great deal of information about the petroleum industry as it developed around Tidioute.

The most important part of the collection of newspapers given to the Museum and Library is a file of the Tidioute News covering the period 1875 to 1918. In addition to this, there are scattered issues of the following newspapers for the years indicated: Tidioute Evening Journal, 1873; Oil City Derrick, 1895; Tidioute Press, 1919-1928; Clarendon News, 1929; and Warren County News (Youngsville), 1874-75. All of these newspapers will be of value as sources of information relative to the development of the petroleum industry.

Agricultural Extension Association Has All-Day Meeting With Dinner

The executive committee of the Warren County Agricultural Extension Association held an all-day meeting at the Y. W. C. A. in Warren February 29. The president, Stanley Laurence, presided at the meeting.

The most of the forenoon was devoted to a business session. Project leaders were appointed for the coming year as follows: Rural Sociology, Lloyd Wilcox; Akeley; Grass land farming, Ira Johnson; Sugar Grove; Poultry, Arnel Carter; Bear Lake; Farm Labor, H. L. Blair; Warren; 4-H agricultural clubs, Clarence Rhinhart; Tobacco; Potato, Charles Camp; Tomato; Vegetable gardening, Nelson Crooks; Corydon; Grain crop, Leon Whitley; Spring Creek; Dairy, Carleton Curtis; Columbus; Forestry, David VanOrsdale; Akeley; 4-H Home Economics clubs, Mrs. W. G. Lyon; Lander; Foods and nutrition, Mrs. Orrie Beebe; Warren; Home management, Mrs. A. B. Erickson; Warren. Those people will assume the responsibility for the extension program in the particular line of work to which they have been appointed. Plans were made to hold a field day during the summer. The committee appointed to be in charge of the field day was Carleton Curtis, chairman; Mrs. A. G. Erickson, and David VanOrsdale.

At noon the luncheon was held at the Y. W. C. A. with the Emergency Farm Labor committee guests of the Extension Association. Immediately following dinner, H. R. McCulloch, Assistant Director of Extension at State College and C. C. Winans, Farm Labor Assistant for Warren County, gave short talks on the farm labor situation. The remainder of the afternoon was spent discussing different phases of extension work, with special emphasis on program planning.

The committee also considered past work problems in agriculture and authorized the president to appoint a committee of five to have charge of post war planning for Warren County agriculture.

HEALTH QUIZ

Do you have poor digestion? ☐ YES ☐ NO
Do you feel headachy after eating? ☐ YES ☐ NO
Do you get sour or upset easily? ☐ YES ☐ NO
Do you feel tired—listless? ☐ YES ☐ NO

Now everyone knows that to get the good out of the food you eat—you must digest it properly. But what most people don't know is that Nature must produce about two pints of the digestive juice—liver bile—each day to help digest your food. If Nature fails—your food may remain undigested—lie sour and heavy in your digestive tract.

Thus, it is simple to see that one way to aid digestion is to increase the flow of liver bile. Now, Carter's Little Liver Pills start to increase this flow quickly for thousands—often in as little as thirty minutes. When bile flow increases, your digestion may improve. And, soon you're on the road to feeling better—which is what you're after.

Don't depend on artificial aids to counteract indigestion—when Carter's aid digestion after Nature's own order, when taken as directed, Get Carter's Little Liver Pills today—at any drugstore—only 25c. You will be glad you did.

Like a Lion, Eh?

March—the month of high winds, chapped lips, snow flurries and high water arrived in the county this morning accompanied by a real sample of the high winds, etc., etc. The Old Weather man pulled the stopper on the whole gamut of ill favored bits of wind, snow and what have you.

The question as to whether or not the weather was of the lion-like or lamb-like variety was a matter of comment and in an endeavor to get the right slant on it Wally Outrid was queried as he gathered in the nicks from the parking meters. Quoth Wally, "Well from my experience in this vale of tears I would say that without a doubt this is March weather. The parking meters are chilly and in fact the Buffalos are shaking and shivering with cold. After giving due thought to the matter I feel that March came in like a lion."

Devere Kierberger, eminent authority on diamonds, sterling silver and fine gems cast an eagle eye skyward and between calls to his pouch ejaculated "Sure March came in like a lion. I saw it coming in as I ambled homeward from the club. Just at midnight I saw old March coming over Stone's hill and if ever I saw anything lionlike it was the way the snow carried on the wings of the wind came up Fourth avenue."

And Ray Bimber denizen of the muskrat ranch west of Warren avers that the roar of the winds sweeping up the old Allegheny sounded for all the world like one of Clyde Beatty's pets. "I have hunted down the bulky moose, stalked the fierce and hungry rabbit but I never had any personal experience with any variety of lion except those I have met on a trout stream. But I think you are safe in saying March came in like a tawney maned old beast."

And Don McComas put an end to all of the debating by announcing: "You're not lyn' when you say it came like a lion."

Pretty sour, eh?
